

Wyomissing Area School District

Educational Travel Form

Students may be excused for educational experiences such as non-school sponsored sports, hunting, farm show, theater participation, musical events, vacations or trips. In order to have these absences excused, **this form must be completed by the parent and submitted to the school at least one week before the scheduled event.** Education days cannot be excused without prior approval. A maximum of five cumulative days will be allowed consecutively in one school year with a maximum of ten days total. All additional days will be recorded as illegal or unexcused days. Note to parents: It is recommended that these days NOT be scheduled during the first or last three weeks in a school term. We are asking that Education Travel does not occur during PSSA Testing for grades 3 and 4 students. Our 2020-21 schedule is as follows:

Families must make arrangements for all make up work within two days of returning to school.
