SOUTH BRUNSWICK
TEACHING MODELS

Hybrid:
Grades 6-12
Grades K-5

Virtual:
Choice or if we are Closed

No Matter the Model:
- The School Day - 6.5 hours
  - Morning (4 hours) = In-Person or Virtual
  - Afternoon (90-120 minutes) = Virtual
- Students will follow a daily schedule with class attendance
- Grading will occur in a traditional model.
- New content and learning daily - Same pace in-person or virtually.

Grades 6-12
- Students either are in-person or watching the lesson on Zoom while the lesson is occurring.
- New curriculum is delivered every day equally to virtual and in-person students.
- Students follow a typical daily schedule.
- 100% virtual students participate in their full schedule through Zoom.

Grades K-5
- Virtual student remains part of a class and a teacher team. Student works 100% of the time with a virtual teacher and whichever students are virtual on a given day.

Other Considerations:
- Possibly try to bring students in for some formal assessment or lab work.

Virtual:
Grades 6-12
Virtual student “attends” live in-person classes via Zoom as they are happening at the school. The virtual student is 100% part of the class, just at home.

Grades K-5
Virtual student remains part of a class and a teacher team. Student works 100% of the time with a virtual teacher and whichever students are virtual on a given day.

Elementary School Schedule:
- Middle School Schedule: 8:15-12:15 & 1:30-3:10
- 1 week on and 1 week off
- High School Schedule: 7:30-11:30 & 12:45-2:25
- 1 week on and 1 week off

If schools need to CLOSE, the entire district would shift to 100% remote... Students would keep same schedule, just all learning is virtual!
