Report on the Financial Statements

We have audited the basic financial statements of the governmental activities and each major fund of the Lebanon R-III School District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of the Lebanon R-III School District as of June 30, 2019, and the respective changes in modified cash basis financial position thereof for the year then ended, in conformity with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Disclaimer of Opinion on Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The budgetary comparison information, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The pension information and budgetary comparison information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Financial Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lebanon R-III School District's basic financial statements. The data contained under Other Financial Information is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The Other Financial Information and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2019, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Notes to Financial Statements

June 30, 2019

1. Summary of Significant Accounting Policies

The District's accounting policies conform to the modified cash basis of accounting, which is characteristic of local governmental units of this type.

Financial Reporting Entity

The District is organized under the laws of the State of Missouri and is a primary government governed by an elected seven-member board. The District is not financially accountable for any other organization, nor is it a component unit of any other primary governmental entity.

Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements present governmental activities generally financed through taxes, intergovernmental receipts, and other non-exchange transactions.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, fund equity, receipts and disbursements. The District has only governmental funds. The funds of the District are all considered major funds.

The funds presented in the accompanying basic financial statements include all funds established under Missouri Revised Statutes and controlled by the Board of Education. The purpose of each fund is:

General Fund: Accounts for disbursements for non-certified employees, school transportation costs, operation of plant, fringe benefits, student body activities, community services, the food service program, and any disbursements not accounted for in other funds.

Special Revenue Fund: Accounts for receipts for certified employees involved in administration and instruction, and includes receipts restricted by the State for the payment of teacher salaries and taxes allocated to this fund based on the District's tax levy.

Debt Service Fund: Accounts for receipts restricted, committed, or assigned for the retirement of principal and interest on the District's general obligation bonds.

Capital Projects Fund: Accounts for taxes and other receipts restricted, committed, or assigned for acquisition or construction of major capital assets and other capital outlay as defined by State of Missouri statutes.

Fiduciary Fund: The Fiduciary Fund of the District is used to account for the Greater Ozarks Centers for Advanced Professional Studies program.

Notes to Financial Statements

June 30, 2019

Basis of Accounting

The government-wide Statement of Net Position and Statement of Activities and the fund financial statements are presented using the modified cash basis of accounting. This basis recognizes assets, net position/fund equity, receipts, and disbursements when they result from cash transactions. The modification to the cash basis of accounting relates to the presentation of investments. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenditures (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements.

If the District utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Capital Outlay

General fixed assets are recorded as disbursements in the Capital Projects Fund at the time the goods received are purchased.

Compensated Absences

Vacation time, personal business days, and sick leave are considered as disbursements in the year paid. Such amounts unused that are vested in the employee are payable upon termination at varying rates depending on length of service.

Long-Term Debt

Long-term debt arising from cash transactions of the governmental funds is not reported in the government-wide financial statements or the fund financial statements, which is consistent with the modified cash basis of accounting. The debt proceeds are reported as other financing sources and payment of principal and interest are reported as disbursements.

Teachers' Salaries

The salary payment schedule of the District for the 2018-2019 school year requires the payment of salaries for a twelve-month period. Consequently, the July and August 2019 payroll checks are included in the financial statements as disbursements in the month of June. This practice has been consistently followed in previous years.

Pooled Cash and Investments

Cash and cash equivalents of the individual funds are combined to form a pool of cash and cash equivalents with the exception of the Debt Service Fund, which is kept in separate bank accounts. Investments of the pooled accounts consist primarily of money market accounts and certificates of deposit, carried at cost, which approximate market.

Inventories

Inventories are valued at cost and consist of food and educational materials. The cost is recorded as a disbursement at the time inventory is purchased.

Lebanon R-III School District

Notes to Financial Statements

Equity Classification

In the government-wide financial statements, net position is classified in two components as follows:

Restricted net position: Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or 2) law through constitutional provisions or enabling legislation.

Unrestricted net position: All other net position that does not meet the definition of “restricted”.

It is the District’s policy to first use restricted net position prior to the use of unrestricted net position when disbursements are made for purposes for which both restricted and unrestricted net position are available.

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on constraints imposed on the use of these resources as follows:

Nonspendable fund balance: This classification includes amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact.

Restricted fund balance: This classification reflects the constraints imposed on resources either a) externally by creditors, grantors, contributors, or laws and regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance: These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the Board of Education – the government’s highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board of Education removes the specified use by taking the same type of action imposing the commitment.

Assigned fund balance: This classification reflects the amounts constrained by the District’s “intent” to be used for specific purposes, but are neither restricted nor committed. Assigned fund balances include all remaining amounts (except negative balances) that are reported in the governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance: This fund balance is the residual classification for the General Fund. It is used to report negative fund balances in other governmental funds.

In circumstances when a disbursement is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

Program Receipts

Amounts reported as program receipts include 1) charges to students or others for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. All other governmental receipts are reported as general receipts. All taxes are classified as general receipts even if restricted for a specific purpose.

2. Cash & Cash Equivalents

State statutes require that the District's deposits be insured or collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2019, all bank balances on deposit are entirely insured or collateralized with securities.

Lebanon R-III School District

Notes to Financial Statements

June 30, 2019

3. Investments

The District has the following investments at June 30, 2019:

<u>Investment Type</u>	<u>Maturity</u>	<u>Total</u>
Pro-rata shares of investment contracts with BOK Financial through the Missouri School District Direct Deposit Program	N/A	\$ 850,762
Certificates of Deposit	7/1/2019	196,381
		<u>\$ 1,047,143</u>

Investment Contracts with BOK Financial

Funds on deposit with BOK Financial are invested in investment contracts in which the District has a pro-rata share of the investment contract. The investment contracts are in accordance with Section 165.051 and Section 360 of the Missouri Revised Statutes through the Missouri School District Direct Deposit Program. The investment contracts are with credit providers whose unsecured long-term debt is rated at the time of such agreement in either of the two highest rating categories by a nationally recognized rating service.

Certificates of Deposit

Certificates of deposit with maturities in excess of three months are classified as investments but are considered deposits for custodial risk determination. State statutes require that the District's deposits be collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2019, all certificates of deposit are entirely insured or collateralized with securities.

The District does not have a formal policy on interest rate risk.

4. Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The county collects the property tax and remits it to the District.

The District also receives sales tax collected by the State and remitted based on eligible pupils. The District is required to reduce its property tax levy by one-half the amount of sales tax estimated to be received in the subsequent calendar year unless the voters have approved a waiver of the rollback provision. The District has voted a partial waiver of the rollback provision.

The assessed valuation of the tangible taxable property for the calendar year 2018 for purposes of local taxation was:

Real estate	\$ 238,295,630
Personal property	91,835,696
	<u>\$ 330,131,326</u>

Lebanon R-III School District

Notes to Financial Statements

June 30, 2019

The tax levy per \$100 of the assessed valuation of tangible taxable property for the calendar year 2018 for purposes of local taxation was:

	Unadjusted	Adjusted
General Fund	\$ 2.2500	\$ 2.2500
Special Revenue Fund	.8000	.8000
Debt Service Fund	.8400	.8400
Total Levy	\$ 3.8900	\$ 3.8900

The receipts of current and delinquent property taxes during the fiscal year ended June 30, 2019, aggregated approximately 97 percent of the current assessment computed on the basis of the levy as shown above.

5. General Obligation Bonds Payable

Bonds payable at June 30, 2019, consist of:

\$9,850,000 general obligation bonds issued May 27, 2014, due in varying annual installments through March 1, 2024; interest at 0.40% to 2.30%.	\$ 7,200,000

6. Retirement Plans

Public School Retirement System of Missouri and Public Education Employee Retirement System of Missouri

Summary of Significant Accounting Policies

The District participates in the Public School Retirement System and the Public Education Employee Retirement System (PSRS and PEERS, also referred to as the Systems). The financial statements of the District were prepared using the modified cash basis of accounting. Therefore, member and employer contributions are recognized when paid and the District's net pension liability, deferred outflows and inflows of resources related to pensions are not recorded in these financial statements.

Plan Description. PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of the Systems, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the State of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Sections 169.070 (9) RSMo, known as the "two-thirds statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount.

Plan Description. PEERS is a mandatory cost-sharing multiple employer retirement system for all non-certificated public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of PSRS must contribute to PEERS. Employees of the Systems who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600 - 169.715 and Sections 169.560 - 169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of PSRS.

Benefits Provided. PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Beginning July 1, 2001, and ending July 1, 2014, a 2.55% benefit factor was used to calculate benefits for members who had 31 or more years of service at retirement. Actuarially age-reduced benefits are available for members with 5 to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Benefits Provided. PEERS is a defined benefit plan providing retirement, disability, and death benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Members qualifying for "Rule of 80" or "30-and-out" are entitled to an additional temporary benefit until reaching minimum Social Security age (currently age 62), which is calculated using a 0.8% benefit factor. Actuarially age-reduced retirement benefits are available with 5 to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Cost-of-Living Adjustments (COLA). The Board of Trustees has established a policy of providing a 0.00% COLA for years in which the CPI increases between 0.00% and 2.00%, a 2.00% COLA for years in which CPI increases between 2.00% and 5.00%, and a COLA of 5.00% if the CPI is greater than 5.00%. If the CPI decreases, no COLA is provided. For any PSRS member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of benefits and occur annually thereafter. For PEERS members, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

Contributions. PSRS members were required to contribute 14.5% of their annual covered salary during fiscal year 2019. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay.

Contributions. PEERS members were required to contribute 6.86% of their annual covered salary during fiscal year 2019. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

The District's contributions to PSRS and PEERS were \$2,892,984 and \$578,950, respectively, for the year ended June 30, 2019.

Summary Plan descriptions detailing the provisions of the plans as well as additional information regarding the District's net pension liability and deferred inflows and outflows of resources can be found on the Systems' website at www.psr-peers.org.

7. Leases & Loans Payable

On September 11, 2018, the District entered into a four-year cancelable lease to finance the purchase of four buses at a cost of \$259,920. This lease provides for interest at 2.925%.

On June 13, 2018, the District entered into a five-year cancellable lease to finance the purchase of a new Konica copier at a cost of \$30,942. The lease provides for interest at 5.497%.

On August 21, 2017, the District entered into a five-year cancelable lease to finance the purchase of four buses at a cost of \$203,827. The lease purchase provides for interest at 1.93%.

On July 12, 2016, the District entered into a four-year cancelable lease to finance the purchase of three buses at a cost of \$254,120. The lease purchase provides for interest at 1.55%.

On July 15, 2015, the District entered into a four-year cancelable lease to finance the purchase of three buses at a cost of \$229,500. This lease provides for interest at 2.86%.

On January 22, 2015, the District entered into a ten-year loan agreement with the Missouri Department of Economic Development/Energy Division in the amount of \$26,845 to finance certain improvements. The loan provides for annual payments of principal and interest with an interest rate of 2.5%.

On May 16, 2016, the District entered into a four-year cancelable lease to finance a new phone system at a cost of \$76,594. The lease provides for annual payments of principal in the amount of \$25,531.

Although the agreements provide for cancellation of the leases/loans at the District's option at the renewal dates, the District does not foresee exercising its options to cancel. If cancellation is selected, the principal remaining becomes due in full or underlying collateral is transferred to lender.

The following is a schedule of the future minimum lease/loan payments (assuming noncancellation):

8. Risk Management

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has transferred its risk by obtaining coverage from commercial insurance companies. In addition, it has effectively managed risk through various employee education and prevention programs. There has been no significant reduction in insurance coverage from the previous year.

9. Compensated Absences

After working for the District for 10 years and meeting the requirements to qualify for teacher or Public Education employee retirement benefits, professional staff may receive \$38.50 per day and support staff may receive up to \$30 per day for each sick leave day accumulated, up to 120 days upon retirement.

10. Claims & Adjustments

The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Disbursements financed by grants are subject to audit by the appropriate grantor government. If disbursements are disallowed due to noncompliance with grant program regulation, the District may be required to reimburse the grantor government. As of June 30, 2019, disbursements have not been audited by grantor governments, but the District believes that disallowed disbursements, if any, based on subsequent audits will not have a material effect on any of the individual government funds or the overall financial position of the District.

11. Post-Employment Benefits

In addition to the pension benefits described in Note 6, the District makes available post-retirement healthcare benefits to all employees who retire from the District. Participation by retirees in the District health plan is subjected to terms and conditions set forth in the Board policy. The cost of the coverage is charged to the retiree at a blended rate for all employees. The District has not made a formal evaluation or projection on the future cost of the existing health care benefit plan in relation to retirees.

12. Commitments

At June 30, 2019, the District was committed to a contract with Lenovo Financial in the amount of \$413,059 for new Chrome books. The District was also committed to a contract with the Lebanon Education Foundation in the amount of \$40,951 for a wireless project repayment. The District was also committed to a contract with Providence Capital Network in the amount of \$27,120 for technology equipment.

13. Interfund Transfers

Transfers between funds of the District for the year ended June 30, 2019, were as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ -	\$ 1,883,250
Special Revenue Fund	533,154	-
Capital Projects Fund	1,350,096	-
	<u>\$ 1,883,250</u>	<u>\$ 1,883,250</u>

The District makes allowed transfers from the General Fund to the Special Revenue Fund and Capital Projects Fund to cover disbursements and build balances as allowed by state law.

14. Tax Abatements

As of June 30, 2019, the District did not provide tax abatements to any businesses. However, the District's taxes were reduced by agreements entered into by other governments through the following: Enhance Enterprise Zones and the Urban Redevelopments Corporation or Chapter 353.

- The Enhanced Enterprise Zones Program is designed to attract new or expanding businesses to the area. Under Sections 135.950-135.970, RSMo., in order for a manufacturer, distributor, or certain service industries to qualify for various tax abatements for 10 to 25 years, the business must meet certain minimum criteria depending on the type of business facility. New or expanded business facilities must have two new employees and \$100,000 in new investment. Replacement business facilities must have two new employees and \$1,000,000 in new investment. Both types of business facilities must also offer health insurance to full time employees in Missouri, of which at least 50% is paid by the employer. The City of Lebanon, Missouri had abatements that reduced taxes by \$82,573 and Laclede County had abatements that reduced taxes by \$17,957 under this program.
- The Urban Redevelopment Corporation Law, or Chapter 353, is an economic development tool to encourage redevelopment of blighted areas. Under Sections 353.010-353.190, RSMo., the Urban Redevelopment Corporation has a tax abatement available for 25 years. During the first 10 years, the property is not subject to real property taxes except in the amount of real property taxes assessed on the land during the calendar year during with the Urban Redevelopment Corporation acquired title to the real property. For the remaining 15 years, the property may be assessed up to 50% of its true value. Payments in lieu of taxes (PILOTs) may be imposed on the Urban Redevelopment Corporation by the city in order to replace all or part of the real estate taxes abated. The PILOTs must be allocated based on a proportionate share to each taxing district. The City of Lebanon, Missouri granted abatements under this program that resulted in a tax reduction of \$47,206.

15. Subsequent Events

On July 1, 2019 the District entered into a lease purchase agreement for four buses with U.S. Bancorp in the total amount of \$274,816. The agreement requires annual payments of \$57,971 through October 1, 2023.

In July 2019, the Board of Education approved the issuance of the Series 2019 General Obligation Bonds in the amount of \$3,825,000 for various District improvements. As of June 30, 2019, the bonds have not been issued.

Note to Budgetary Comparison Schedules

June 30, 2019

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 67, RSMo, the District adopts a budget for each fund
2. Prior to July, the superintendent, who serves as the Budget Officer, submits to the Board of Education a proposed budget for the fiscal year beginning on July 1. The budget includes estimated receipts and proposed disbursements for all District funds. Budgeted disbursements cannot exceed beginning available monies plus estimated receipts for the year.
3. A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
4. Prior to July 1, the budget is legally enacted by a vote of the Board of Education.
5. Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the budget information included in the financial statements. Budgeted amounts are as originally adopted, or as amended by the Board of Education. Individual amendments were not material to the original appropriations, which were amended.
6. Budgets for District funds are prepared and adopted on the modified cash basis (budget basis).

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Education
Lebanon R-III School District
Lebanon, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Lebanon R-III School District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Lebanon R-III School District's basic financial statements, and have issued our report thereon dated December 5, 2019.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Lebanon R-III School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances, for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Lebanon R-III School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Education
Lebanon R-III School District
Lebanon, Missouri

Report on Compliance for Each Major Federal Program

We have audited the Lebanon R-III School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Lebanon R-III School District's major federal programs for the year ended June 30, 2019. The Lebanon R-III School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Lebanon R-III School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Lebanon R-III School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Lebanon R-III School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the Lebanon R-III School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the Lebanon R-III School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Lebanon R-III School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Accountants' Report on Management's Assertions about Compliance with Specified Requirements of Missouri Laws and Regulations

Board of Education
Lebanon R-III School District
Lebanon, Missouri

We have examined management's assertions that Lebanon R-III School District complied with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures; accurate disclosure of the District's attendance records of average daily attendance, standard day length, resident membership on the last Wednesday of September, pupil transportation records of the average daily transportation of pupils eligible and ineligible for state aid, the number of miles eligible and ineligible for state aid and other statutory requirements as listed in the schedule of selected statistics during the year ended June 30, 2019. Lebanon R-III School District's management is responsible for its assertions. Our responsibility is to express an opinion on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertions. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions referred to above are fairly stated, in all material respects.

This report is intended solely for the information and use of the Board of Education, District management, and the Missouri Department of Elementary and Secondary Education and is not intended to be, and should not be, used by anyone other than these specified parties.

Board of Education
Lebanon R-III School District
Lebanon, Missouri

In planning and performing our audit of the basic financial statements of the Lebanon R-III School District, for the year ended June 30, 2019, we considered the District's internal control to determine our auditing procedures for the purpose of expressing an opinion on the basic financial statements and not to provide assurance on the internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weakness.

During the course of our audit, we became aware of a matter to bring to your attention. The following paragraphs summarize our comments and recommendations regarding this matter.

Cybersecurity

Cybersecurity threats are increasing and government entities of all sizes are at risk for a breach of their information systems. With this increase in risk, entities should be continually evaluating risk and taking steps necessary to ensure the security of information systems. Steps include identifying critical information systems, training employees to properly identify threats received in emails or by other means, and adopting internal communication methods other than email.

It is important that entities develop a recovery plan outlining procedures that personnel should follow once a cybersecurity breach is discovered. Additionally, entities should be aware of any insurance in place to help protect them from liabilities that can occur as the result of a breach.

We Recommend:

The District evaluate its cybersecurity risks and take the necessary steps to reduce the risk of cybersecurity threats to their information systems. This evaluation should be performed frequently as technology and information systems are continually changing.

We will review the status of these comments during our next audit engagement. We will be pleased to discuss it in further detail.
