Please enter narrative response here (Please limit to 2,000 characters): Zuni Public School District continues to coordinate with other federal/state funding sources to help meet the educational needs of all American Indian/Alaskan Native Students. Academic programs/services/activities are aligned to focus on improving reading and math proficiencies. Parent involvement activities/trainings are geared towards helping students with activities outside of the classroom. Literacy Nights are offered throughout the year for parents/students to attend so that they can have access to literacy materials. College readiness activities are a focus at the high school level with additional resources being channeled into this area. Input from parents and tribal leaders will collaborate on working together to make this a goal for our students. The Zuni Language Heritage Model will continue to be implemented in the schools with fidelity. Professional Development trainings will be offered to teaching staff and community members during the course of the school year.

3. Coordination of Services Professional Development

Describe the professional development opportunities that will be provided by your coordination of services to ensure that teachers and other school professionals who are new to the Indian community are prepared to work with Indian children, and all teachers who will be involved in programs assisted by this grant, have been properly trained to carry out such programs. The professional development opportunity or opportunities can be funded using other local, State, and/or Federal funds.

Note: The professional development opportunity or opportunities identified do not have to be new opportunities or opportunities for which funding is requested. Applicants should include existing professional development opportunities that will continue to be implemented in the school year for which funding is requested, as long as those opportunities are components of the coordinated services program.
