

Camp Rivervale's First Annual Reading Camp!

JULY 7-10, 2021

We work with kids struggling with literacy and reading comprehension to bolster their confidence and provide opportunities to hear about Jesus' love for them.

Master Minds Camp is for students going into grades 2-5 this fall that are struggling with any area of reading or writing skills to learn about the love of Jesus. The camp is designed to integrate elements of traditional summer camp with sessions of reading activities to strengthen their skills to succeed in school too. We offer a variety of activities: navigating the Bible, science experiments and baking recipes, that allow kids to get to know Jesus while improving reading skills.

Our director team is comprised of Christian educators from various educational backgrounds to provide a diverse, engaging program for our campers to experience the Word.

Campers in need of financial assistance can apply for scholarships before completing the registration form.

Call (812) 564-2005 or email brianne.whitman@impact2818.org for more information or to register a child.
