

# Test Prep Workshops

High School Students

## Fall 2020 Schedule

### SAT Prep Workshop (LLC 5209)

This workshop provides an overview of the SAT test and recommends success strategies for teens. Students take pre- and post-assessments that address the subjects Reading, Writing and English and Math. Included in the class materials are two complete practice tests, review sections and test-taking strategies. Textbook and other class materials are included in the class fee. Students must bring a calculator and a #2 pencil to class. Bring a sack lunch.
