

# Mock Interview Days!

We invite you to participate in our annual event!

## Volunteer Details

### What?

During the Mock Interview Days, all Clairemont High 10th grade students do a practice, realistic fifteen-minute job interview with an industry or community partner volunteer.

### Why?

This is an invaluable chance for our students to practice resume and interviewing skills. It also gives volunteers an opportunity to give back to the community in a meaningful way!

### How?

To participate, volunteers register and select a basic entry-level job position from a list of options for which they wish to interview “applicants.” Our students then create resumes and “apply.” On the event days, volunteers come to CHS to conduct the interviews (4 students per session) for that “job” and score each interviewee. Volunteers even get to “hire” one student applicant! All materials, including sample interview questions, are provided.

### To Register:

Please read more info and register online by May 30 on the Clairemont High School Website at: [www.sandiegounified.org/schools/clairemont](http://www.sandiegounified.org/schools/clairemont)

◆ Click on the “Mock Interviews” under the “Industry Partners” tab.
