ABOUT THE TEST

▪ CogAt - a test of thinking/reasoning skills that consists of verbal analogies, mathematics analogies, and matrices

▪ Administered online

▪ Given in a group context

▪ Normative scoring based on the student’s age

▪ Practicing invalidates test scores
WHO GETS TESTED

- 2nd Grade: All students
- 3rd-5th Grade: Students who are new to the district
- 5th Grade Retest
  - Recommended that students meet retest criteria
    - Above Standard scores on state testing in all areas
    - Cluster: previous score in 85th percentile
    - Seminar: previous GATE identification (score of 121)
- Students are only allowed one retest and are only retested in 5th grade
  
  Testing will take place in January/February

*Note: No testing beyond 5th grade - middle schools and high schools use performance data for students who are new to the district
SCORING: MULTI-CRITERION MATRIX

- CogAt score is used as the base

**Qualifying Scores:**
- Cluster - 121
- Seminar - 135

**Additional points for factors:**
- English Learner status (5)
- Low Socioeconomic Status (5)
- Above standards on all areas state testing (2)
- Exceeding standards on 10/11 areas on report card (2)
- Disability - IEP or 504 Plan (2)
- Relocation - 3+ school moves in Elementary or military (1)
- Having 3+ factors (2)
WHAT DO I TELL MY CHILD?

- The test provides teachers and parents with information about how the child thinks.
- Parents can decide whether to share test results with their children.
- It’s important that students know that their scores are private and should not be shared with others - issues arise when children share scores, as it can make others feel “less than”
Parent concerns/questions about retesting, make-ups, changing identification, programs, choice schools, and existing criteria are all handled by the school site GATE Committee.

ALL issues/complaints/decisions are dealt with at the school site level through our GATE Committee.

Appeals can be made for a retest only; there is not an appeal process for the Seminar program.

Retests are administered in the next testing window, which is the following year.
District Advisory Committee (DAC) for GATE

- An important vehicle for parent and community involvement in educational programs for gifted students
- Comprised of parent representatives from schools throughout the district
- Is designed to represent all geographical areas of the district as well as the GATE programs and the grade levels in which they are offered
- Opens communications between district administrators, local schools, and parents in innovative ways that fit each school’s individual needs
- Can provide constructive feedback from parents to stimulate continued growth in the GATE program
- GATE DAC representatives work with schools and GATE Team Leaders to coordinate efforts on parent development to promote communication on GATE issues, and to enhance the school’s GATE program
- Examples include: publishing newsletters; establishing business partnerships; coordinating parents and professional who have special expertise; assisting site planning committees; participating in gifted education conferences.
