SAT and ACT changes to the Fall 2022 admissions process (due to COVID-19)

SAT/ACT changes to the CSU system:

• GPA and academic preparation will be the largest factors for Fall 2022 admissions
• The SAT/ACT scores will not be taken into consideration for Fall 2022 admissions. Even if students report them, they will not be considered.

* SDSU will not require or consider SAT or ACT exam scores from first-year applicants for Fall 2022

• Visit each campus site for specific campus criteria.
SAT/ACT changes to the UC system:

The UC schools are temporarily suspending the standardized test requirement for students applying for Fall 2022 freshman admission only. Students applying for Fall 2022 are not precluded from taking standardized tests (SAT or ACT) and sending scores if they are able. Doing so can support their statewide UC eligibility, application for certain scholarships, and help them fulfill some University graduation requirements. Campuses will adjust their internal processes accordingly to ensure that no student is harmed in admissions selection should they not submit a test score.

If you will be applying to private schools or schools outside the CSU/UC system, please be sure to visit their website for specific entrance requirements.
