Due by May 31:
SPSA (2017-18) Revisit the percent of students who are Proficient at JSES and discuss goals. ELA 71% and Math 75%

The Single Plan for Student Achievement (SPSA) identifies and addresses the instructional needs of students and specifies how categorical funds provided through the Consolidated Application will be used to accomplish the goals outlined in the plan. State regulations require that the School Site Council (SSC) be the group responsible for developing and revising the SPSA in collaboration with the site instructional leadership team. Ongoing consultation with site advisory groups about student performance data, student needs, identified goals, appropriate interventions/preventions, and associated budgets is an integral part of the development and monitoring of the SPSA. (Ed Code 64001).
