

SMMHS

Future Ready Institute of International Baccalaureate Studies

Possibilities

- Most rigorous high school program
- Encourages lifelong learning, critical and compassionate thinking, global citizenship
- Preparation for college (the IB has always been designed to get students **through** college courses, not necessarily **out** of them)
- IB emphasizes reading, writing, and speaking skills; students learn to ask and answer their own questions
- Helps students to develop presentation and collaboration skills while building self-confidence
- College admissions advantages
- Possible college credit or advanced standing for notable IB exam scores
- Scholarship opportunities
- IB Diploma is recognized around the world as evidence for the depth of a student's skills and his/her readiness for college
