2020/2021 Employee Sponsored Scholarship Program

The Eye Care Group set out to help our communities in 2020. We had a goal of 20 good deeds for the community throughout the year. One of those was to provide a scholarship to a graduating high school senior headed to college for a career in health care. This scholarship prize is funded primarily by the staff at the Eye Care Group, through weekly donations. The Eye Care Group was able to raise \$1200 to provide a total of four seniors a \$300 scholarship as they head off to college. The scholarship is being offered to one student in each of the four counties we have offices; Jefferson, Jennings, Jackson, and Switzerland.

Please fill out the application in its entirety. If you have any questions, please direct those to the scholarship committee at 812-352-6600. Deadline for the application is May 27, 2021 5:00 PM.. Awards will be announced and distributed on or after July 1, 2021. Please turn in your application to any of our offices.
